

Master of Divinity Marriage and Family Therapy

The Master of Divinity (MDiv) in Marriage and Family Therapy is a professional-level degree program for individuals planning to enter or continue careers in full-time ministry. A major element of this program provides students with extensive studies in the biblical text and thorough preparation in theology and various areas of practical ministry. Another major element provides students with a foundation for marriage and family therapy theory, scientific research, and clinical practice. Finally, this program also helps prepare students for licensure in Marriage and Family Therapy (LMFT) in their resident state. LMFTs will be able to do therapy with families, couples, and individuals in their ministry. Students may also consider taking additional courses for a dual licensure in Professional Counseling.
